SCHOOL VALUES

Respect Innovation Courage Excellence Responsibility

Dear Paradise Families,

I am writing this newsletter piece this week as Ms Karyn and her family are celebrating the birth of their 6th grandchild - a beautiful baby girl was born to Paris on the weekend. We send our love and congratulations to them all.

Movie Night was held last Friday and was a great success! Many thanks to Nellie and Adele for organising our annual event and to Mel for helping on the night. This year Tracey brought her slushie machine which was very popular. Thanks to all our parents and children who were mindful of Covid restrictions. Thanks to Kate and Mrs Retallick for coming to Movie Night with me.

Something very exciting for our school community is starting this Friday - Lunch orders! Every Friday your child will have the opportunity to order their lunch through the Athelstone Bakery. Thank you to all the families who put their lunch orders in today. Please remember the price list is for you to keep at home and to write your order on the bags provided.

Kate has been organising some Friday lunchtime activities coordinated by our Senior School leaders and Sports Captains. Each child can participate if they choose and its been very well received.

Deep learning continues to be a focus for our Wednesday afternoons and we are counting down the days till our Showcase Night on the 10th of September. We hope you will be able to come and share the excitement with your children as they show you their work.

We celebrated SSO Week with a lovely morning tea on Thursday. Our school couldn't function without the amazing expertise of our SSO crew– from finance, to a friendly smile at the front office, working in all of our classes on a variety of tasks and enriching the learning experiences of all our children. Thank you so much Lee, Cherie, Kristy, Hedda, Ben, Ferry, Carla, Mel and to all of our placement SSO's. We couldn't do without you all!

Have a good weekend.

Carol Ferris

PARADISE

IS GOING DARK

10th September

B3 Swimming Week

B3 had a great time in the pool for swimming week where we were able to practice a number of different skills.

In the classroom we have been creating an Information Report to display our research for the showcase piece.

Deep Learning In G5

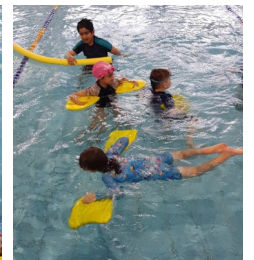

On Wednesday afternoons G5 are working in teams on their Deep Learning projects. We have been researching our questions about space and the solar system. Some teams are starting to make their poster and or models. We are really focused and enjoying the challenges.

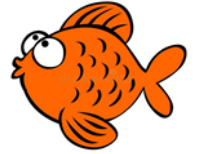

Swimming Week with B4

In Swimming week we had lots of fun and there was five groups for swimming. the names were Dolphins, turtles, Jellyfish and Polarbears. We got to practice and do survival swims like Back stroke and survival stroke. We even got to rescue each other also we did a Fall into the deep pool. On the last day we got to splash each other with water and dance. At the end we put our hands together yelled our groups name. We wish that it was far more than a week. It was lots of fun.

By Pridhi and Shawnveer

Little Fish in G6

We have loved our week of swimming. We loved our new swimming venue and the Arc. We spent the week learning to paddle, blow bubbles, put our heads in the water and tread water.

We learnt survival techniques such as reach and rescues, how to call for help when in the water and how to rescue a friend.

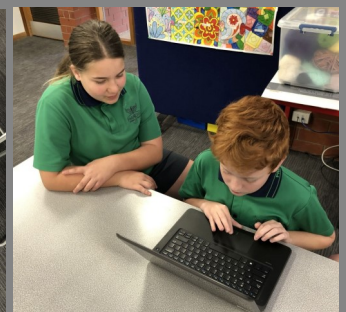

We spent the week writing recounts and drawing pictures of enjoying our time at the pool.

It was a great week with everyone showing fantastic listening and engagement. It was also great to see so many parents coming to watch and support.

B2's Deep Learning Experience

We have chosen our theme for "In the Dark". Here we are working in our teams to plan and present our learning. Can you guess what our theme might be? Be sure to come to see our presentation on Showcase night where all will be revealed!

Father's Day Stall ~ For students to buy their loved ones a gift.

Wednesday 2nd and Thursday 3rd August

Gifts range from \$1.00-\$5.00

In the Hall 1:45pm-3:00pm

Bookings essential

Please let OSHC Staff know if you require a booking or call the school office on

8336 3155

A maximum of 15 places are available- Book now to avoid missing out!

Art & Science and Health & PE

My name is Lucinda Manning and I am a pre-service teacher completing my final placement at Paradise Primary for six weeks. I have been teaching Art and Science with Mrs Ferris, and PE and Health with Mr Alex. In science we are learning about material and chemical sciences. In Health we are completing units on identity and safety. I've loved getting to know the students at Paradise Primary and I am so grateful for how kind and welcoming they have all been to me. I'm looking forward to learning and teaching more in my remaining three weeks!

PCW News

On Friday at lunchtime the Sports Day Captains run different activities in the gym, hosted by Mr Alex, and in the Hall, hosted by Kate (PCW). Students get points for participating or just showing up. Two house teams verse the other two house teams in the gym while other students join in dancing in the Hall and there is also the option to do normal yard play. Sports Captains record the students that participate and each student equals one point. The more points that students get for participating the more points the Houses get toward Sports Day.
